FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

Vol. 34, No. 38. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, MARCH 23, 1928

California Ranch News

Pastures in all parts of California on March 1st averaged 85 per cent of normal, but rains since that time have served to improve them materially. So states the monthly crop report issued last week by the federal-state crop reporting service. This is 9 per cent under last year, but is only 1 per cent less than for the average of the past five years.

Tulare county farm crops increased in value $1,148,998 in 1926 over the previous year, and a generally satisfactory agricultural condition prevailed throughout the county during 1927, A. E. Miot, secretary-manager of the Tulare County Board of Trade, told directors at their recent annual meeting.

The Riverside county Chamber of Commerce, after exhibiting at the San Bernardino orange show a quantity of fruit picked from the surviving original parent Washington Navel orange tree on Magnolia avenue, Riverside, boxed the fruit, and shipped it to the East and Middle West to twenty-one newspapers of the leading cities. With the fruit went an account of the founding of the navel orange industry, through two trees sent in the 70's to a Riverside woman, Mrs Eliza Tibbetts.

Californians have always liked their bread well buttered, as shown in officials' reports of the state department of agriculture, but more so now than ever before. The production of butter during January was 13.24 per cent above January of 1927—an increase that is more than double the gain for the United States as a whole. Reports compiled by F. H. McCampbell, supervisor of the federal-state dairy and poultry market news, show that California's appetite for butter is growing more rapidly than for any other western state.

Giving baths to wasps is the latest experiment being tried by the State department of agriculture. But in this case it is a disinfectant bath to which the insects are subjected, and is presumed to equip them for a battle against fig endocepsis now prevalent to the growers' alarm in many parts of California. Sixty-five tubes of wasps treated to scientific were released last week in the Imperial Valley, and the results are reported as entirely gratifying by W C. Jacobson, chief of the State division of plant quarantine and pest control. The wasps, carrying the disinfectant on their bodies, quickly burrowed into the buds.

Grape growers of the west end of San Bernardino county, which embraces Ontario, Upland, Cucamonga, Alta Loma and Etiwanda, shared in favorable receipts returned by last season's grape crop. The market situation was considered favorable, and the crop was good. The 12,708 acres planted to grapes in the district yielded $1,197,672 to the growers, according to Rolland McKennett of Cucamonga, deputy horticultural inspector. Of the total acreage of grapes, 11,638 acres are set to juice or wine grapes. This variety according to season figures, returned $1,-147,312 to the growers. Raisin grapes totaled 596 acres, yielding to the growers $31,500. Returns from 474 acres of table grapes returned $18,950.

Surprise over statements mailed to them by the California Co-operative Canneries, demanding a "bill-back" of nearly 50 per cent of the amount of their advances on the 1926 crops, the peach growers of Sutter, Butte and Yuba counties are planning a mass meeting to organize their protests. If these "bill-backs" are insisted upon, which appears likely, the price figured on for the 1926 peach crop will be cut approximately $14 a ton. The "bill-backs" are in the way of a reply to letters to the canneries by the growers demanding a statement.

Revealing tremendous strides made in 1927 in the production in Orange county of avocados and berries, A. A. Brock, county horticultural commissioner, has made public his 1927 crop report, which shows that not only did Orange county produce more agricultural products in 1927 than ever before, but that the greatest return in money in the county's history was received. Orange county crops returned during the twelve months a total of $39,819,271.16 almost $10,000,-000 more than in 1926, according to Mr. Brock's figures.

Golden State
News of Interest to All

State expenditures totaling approximately $4,250,000 are involved in highway and bridge projects on which the State department of public works will take action during the present month, it was announced last week by Bert B. Meek, departmental director. Contracts will be awarded or bids requested by the State on bridge and road building in nearly a score of counties before the end of March, Meek said.

Construction of California's new custodial institution for the criminal insane is progressing rapidly at Mendocino State Hospital, and the State's plan for segregation of mentally diseased persons with definite anti-social tendencies will soon be in operation.

Organization of a passenger airplane line to make four trips between Oakland, Stockton and Sacramento was announced last week at Oakland by J. T. Hurst and A. H. Fefelle of the Mutual Aircraft Corporation of Los Angeles. Other lines are contemplated between Eureka and San Francisco, and between Oakland, Modesto, Bakersfield and Fresno.

A domestic water supply for Redding, Shasta county, to be secured from wells east of the city, rather than from the Sacramento river, was tentatively approved recently by the State Board of Health. Unless serious protests develop, the proposal submitted by the California Water Service Company is expected to receive definite approval from the State board at its next meeting.

William Edward Hickman left los Angeles and the scene of his atrocious crime last week. He was whisked to San Quentin under guard to await hanging of April 27. "The Fox" was sentenced to life imprisonment by Superior Judge Elliot Craig the day he left Los Angeles. At the same time Welby Hunt, his younger accomplice in the murder of Clarence Ivy Toms, received a life term. Hickman is also under sentence to the gallows for the kidnaping and murder of Marion Parker.

The State Board of Education a few days ago announced April 2 to 4 as the dates for the annual California Music Conference. The meeting will be held in Fresno. Dr. Alexander Roberts, president of the San Francisco State Teachers College, will deliver the keynote address to State music teachers on "Music and the Social Program."

Gasoline consumption for the United States increased 12.4 per cent during 1927. In making the announcement a few days ago the American Road Builders' Association at Washington also stated that California led all the States with 1,017,681,000 gallons. All but three States are now imposing a gasoline tax, New York, Illinois and Massachusetts being the exceptions, and the association predicted that total gas tax collections would exceed $200,000,000.

The crime of issuing a fictitious check cannot be wiped out in California simply by returning the mnoey. Superior Judge J. R. Hughes so ruled a few days ago at Sacramento in the case of Arthur Nichols, who sought to escape punishment by arranging to cover a worthless check for $40 which he had previously admitted issuing. Nichols was ordered to Folsom prison for an indeterminate sentence.

During the month of March the California Vehicle act in respect to proper signalling by motorists will be rigidly enforced. A bulletin to that effect was sent a few days ago to all County Captains of the State Police by Frank G. Snook, chief of the Division of Motor Vehicles. Snook pointed out that all signalling must be done within fifty feet of the contemplated turn and that the signalling must be continuous while the motorist is approaching the turning zone. The motor official deplored the use of three fingered signalling and advocated the use of the full hand in the signalling maneuvers.

A provisional estimate by the census bureau at Washington a few days ago placed the population of the United States as of July 1, 1928, at 120,013,000, an increase of 14 per cent over the 105,710,620 actual count on January 1, 1920. The next federal census will not be taken before 1930. Florida, where the population was estimated to have increased about forty-eight per cent between 1920 and 1928, showed the greatest gain, although a 35 per cent increase was indicated for California, and nearly 30 per cent gain for Michigan. The complete California figures are: 1920 census, 3,426,861; 1928 estimate, 4,556,000.

"DUTCH ART" TALK BY MRS. PEAKE

The subject of "Dutch Art" as developed by Mrs. F. E. Peake at Monday's meeting of the Country Woman's Club was one of the most fascinating which the members have enjoyed this year.

Mrs. Peake has unusual ability in presenting her programs without notes, and also has a remarkable command of language so that her subjects are excellently presented. Introducing her subject with a description of a Dutch home, which she visited frequently as a girl, she took her audience with her on a trip to Holland, where she went as a young woman.

The history of the development of Dutch art and the lives of several of the best known was most entertaining, illustrated with large color reproductions of a number of the subjects.

The afternoon's pleasure was greatly enhanced by the singing of Mrs. Gail Morrish, who sang two groups and responded to two encores. Her numbers were: "On the Wild Rose Tree," A Song of the Woods," "In the Time of Roses," "The Fairy Lullaby," "Hayfields and Butterflies," and "The Swallow." Miss Lucy Valpey, organist of the Christian Church was her accompanist.

Beautiful jars of lilac and sprays of other flowering shrubs and a large bowl of yellow tulips filled the rooms with beauty and fragrance.

Mrs. M. E. Purmort and Mrs. G. W. Page were appointed as delegates, with Mrs. H. C. Smith alternate, to represent the club, together with the president, Mrs. L. J. Carboni, at the annual meeting of the County Federation in San Jose, March 30.

Pleasant Surprise

Mrs. W. T. Alexander was greatly surprised last Friday to receive a visit from Mr. and Mrs. James Rodgers of Alaska, who had accompanied their friends, Mr. and Mrs. W. H. Busch and Mrs. Effie Barcley of San Francisco.

Mr. Rodgers is president of the White Pass and Yukon R. R. Co. in Alaska, but Mr. and Mrs. Alexander knew him as a boy in St. Paul Minn., where they were friends of his family.

Nippon Mura Sold

Mrs. Theodore J. Morris, owner and manager of Nippon Mura and Crescent Dell has sold the former property, the large meadwos and woodland to Mr. Baccigalupe of San Francisco and the inn buildings to Mr. Fitzpatrick with the stipulation that the name of "Nipon Mura" be changed. The new owner will conduct the hotel probably under the name of the Los Gatos Lodge. Mrs. Morris will retain Crescent Dell the home on the opposite side of the road from Nipon Mura, as her residence.

"Horn-face," the famous rhino-deer of Yosemite Valley, is dead. The valiant leader of the park herd succumbed to an appetite for gum drops. His dead body was found at the foot of El Capitan, an empty candy bag beside his antlered head. "Horn-face" was known to thousands of tourists because of the queer bony horn projecting from his upper jaw.

A Sacramento county jury is to consider again this month whether six convict leaders in perhaps the bloodiest prison break of western annals shall escape the noose. The murdered convict is one of thirteen guards and prisoners whose lives were lost in the uprising of last November. And the question of the death penalty is the chief matter over which State attorneys, preparing for the trial on March 26, appear to be concerned.

Alfred J. Salisbury, 91, who drilled the first oil well in California and who is credited with having drilled one of the first deep oil wells in the world, died at his home in Los Angeles last week. Salisbury came to California 68 years ago.

HENRI HILL TALKS LAW TO KIWANIANS

The Kiwanis directors meeting Monday evening was an enthusiastic one. Ed Weisendanger and T. A. Cutting were elected delegates to the convention at Seattle, with Doc Merrill and Ralph Hyde as alternates.

Roy Archibald, Ira Abbott and Leon Miller were appointed a special committee to confer with Scoutmaster Bennett on the Scout equipment and supply needs.

Ralph Hyde and Tac Cutting were appointed a ticket and advertising committee for the benefit show. The proceeds of this performance, April 20, is to be applied to the library building fund and it is hoped that the entire indebtedness may be wiped out at this time. The Old Settlers' Day show netted the Chamber of Commerce $61 after all expenses, about $75, were paid.

Roy Archibald, as chairman, introduced Henri Hill, who gave a very interesting talk on community property. Laws must be uniform although liberty is limited by the rights of others. Property is of two kinds, personal and real, including the right to use and enjoy, the right to transfer during life and the right to dispose of after death. Property is either separate or community, according to the holding.

The husband is the manager of all property and may sell the personal property, but it cannot be given away..

He cannot sell or incumber the real property without wife's consent.

In case of death, community property goes to the surviving spouse if no will is made. Either has the power to will one-half of the community property .

In case of no will separate property is divided between the surviving spouse and children. If a will is made the children must be mentioned to show they were not forgotten.

Next Tuesday with Abie Gilson as chairman, Sidney S. S. Stansel will give a lecture on "Birds, Migration and Conservation," illustrated with slides and moving pictures.

HIGHWAY COMMITTEE TO MEET SUPERVISORS

Members of the county highways committee are urgently requested by Judge J. R. Welch, chairman, to attend a highly important joint meeting of the Board of Supervisors, the San Jose City Council and the committee, to be held in the room of the Supervisors, at the Court House, next Monday, March 26, at 2 p. m., for the purpose of discussing and formulating plans for a street and highway system that will take care of the ever increasing traffic through the valley, and through San Jose and other cities of the county.

The members of the committee are: Judge J. R. Welch, chairman; J. T. Haviland, vice-chairman; F. Earle Granger, W. S. Clayton, E. N. Richmond, H. A. Harms, Dr. Charles C. Wayland, R. F. Benson, Arthur McClay, Lucas Downing, H. S. Rexworthy, Harry C. Smith, Dr. J. L. Pritchard.

WHY GO TO CALIFORNIA

I have a little garden close
Where blooms the sweet, shy Christmas rose,
And edelweiss, so starry white,
Euphorbia and aconite;
Lobelia cardinels, too—
You say they will not grow for you?
Ah, well, I learned that long ago,
But still my posies bloom and blow;
In spite of storm and wintry weather
My garden paths are edged with heather;
I welcome them this time each year—
The new spring catalogs are here!

"QUALITY STREET" SENIOR CLASS PLAY IS UNQUALIFIED SUCCESS

Rarely is a community favored by having so many talented young people in its midst as has Campbell. This was very effectively brought out last Friday evening when the high school seniors under the direction of Misses Kittie Johnson and Marian Jenkins gave an excellent rendition of that genteel play, "Quality Street." Without question, it was one of the best balanced plays ever produced by local performers and the selection of actors for the parts had been most happily made.

Each student in his or her part portrayed the very character as well as giving the proper expression.

The leading parts by Eulah Hook and Jack Murdock were most admirably played and served to bring out the other near leads to a greater advantage. The play does not make two or three the outstanding stars for the rest of the cast to play up.

The 'ousemaid proved to be quite the part for vivacious Myra Lester, and "them gossips" Ruth Townsend and Antoinette Zillmer and Esther Hedegard made things interesting at times. Jean Ross, sister of Miss Phoebe, prove a protecting prevaricator and in the eyes of the love-making soldiers, Stephen Merrill, Dick Lyndon, John Hiatt and Austin Hamilton was quite unnessary. Opal Overshiner also created considerable heart havoc among the troopers.

The costumes were most effectively planned and finished depicting those of 1815.

The scenes showed several antiques of early days and the changing of these scenes was so well managed by W. E. Whitney that the audience was more than pleased.

During the evening the audience was entertained by several musical numbers by the popular high school orchestra under the efficient direction of A. A. Thiekle. The members of the orchestra are:
Roberta Atkinson, Harold Gardner, Read Hall, Ethel Jenkins, Cecil Keesling, Arthur Lack, Stephen Merrill, Robert Newton, Mervyn Nichols, Robert Pryor, Leanord Shadle, Elmer Sundquist, Ray Thomas, Eugene Tainter, Lawrence Templeton, Dorothy Todd, Margaret Tutt, Robert Stubbe, Alfred Beer, Barton Wood, Veva Nichols, George Gomes, Roland Zillmer.

W C T U OFFICERS ELECTED FOR YEAR

At the meeting of the W. C. T. U. held at the home of Mrs. R. W. Kennedy, Wednesday, March 28, officers for the coming year were elected as follows:

President, Mrs. Effie D. Hubbell; vice-president at large, Mrs. A. J. Farley; first vice-president, Mrs. Lulu M. Steele; second vice-president, Mrs. Belle L. Righter; third vice-president, Mrs. Sarah Byrnes; recording and corresponding secretary, Mrs. Olive V. Treat; financial secretary and treasurer, Mrs. Ida R. Newcomb; auditor, Mrs. Frank S. Newcomb;

Quotations from Frances E. Willard were given and a poem dedicated to her was read.

Mrs. Newcomb had charge of the afternoon's program. This was in the interest of the Union Signal, the official publication of the Woman's Christian Temperance Union. Those present read timely articles from the paper.

OLD "HELLO GIRL" VISITS CAMPBELL

Joseph F. Weitzenberg of San Francisco has completed 25 years of continuous service with the Pacific Telephone and Telegraph Company and was recently presented with a symbolic gold emblem. Weitzenberg, associated with many telephone construction projects in California and Nevada, particularly with the building of the San - Sacramento long distance cable, began his career as an apprentice lineman in 1903. He is now superintendent of construction for the company's Coast division.

Weitzenberg, on the San Francisco-Sacramento cable construction project led his forces through 14 consecutive months without a lost time accident.

Joe was a Campbell boy educated in the local schools and was the "hello girl" in the early days of Campbell history, when his mother was postmaster and telephone agent. At that time there were two telephones in the community, Dr. C. N. Cooper and Benjamin Campbell. Then it was a thrill to use the telephone. He was a visitor here this week.

CAMPBELL MAIL ROUTE EXTENDED, APRIL 16

March 15, 1928.

Mr. Harry C. Smith,
Postmaster, Campbell Calif.
My Dear Mr. Smith:

I am pleased to advise you that the postoffice department has issued an order authorizing an amendment of rural route No. 1 from Campbell, effective April 16, 1928.

This change will give improved mail facilities to thirty families.

Sincerely yours,
A. M. FREE.

This order covers the new extension of the route as follows: From Latimer avenue south on San Tomas road to the western end of Campbell avenue thence east on Campbell avenue to Winchester road at the high school: From Casey road at McClinsey road south and east to the highway at the old seven mile house thence north on the highway; west extension on Budd avenue. These extensions will increase the length of the route to about 37 miles and serving over 400 families.

Register at once, to vote.

CAMPBELL ROADS PAVING BEGUN

The county engineers began the preliminary work Tuesday preparatory to paving of the old Los Gatos road between Campbell avenue and the highway at Dry creek one mile south. Supervisor McKinnon has been planning this work for some time, but waited until the storms were over.

Plans are being made for paving of South Central avenue to the electric line thence north on Railroad avenue to Campbell avenue. Mr. Shoup has expressed his desire to co-operate with Mr. McKinnon in the paving of Railroad avenue and the side tracks of the electric line will be moved into the block south of the depot. This will leave but the single track where the paving is to be done.

No definite date has been set for this paving, but Mr. McKinnon is planning that the work may be done in a very short time, when that proper time comes. When completed, Campbell's business district will be entirely paved.

In order to vote you must register before March 31.

CONG'L. CHURCHNOTES

Campbell
Rev. J. H. Bennett, Pastor

Next Sunday at 11 a. m.—Subject, Christ, "The Optimist." Children's talk, "Growing Pains." Special Choral and Congregational singing.

At 6:30 p. m. Christian Endeavor meeting.

Question Evening—Mr. Bennett will attempt to answer any questions. Written ones preferred.

At 7:30 p. m.—Beautiful Stereopticon Lecture entitled: "Of Such is the Kingdom;"

Preacher, Rev. J. H. Bennett. All are welcome.

Methodist Episcopal Church
W. C. Robins, Pastor

Sunday, March 25—Our Bible School is in good hands. Officers an dteachers are earnest and able to teach. They ask for regular attendance of adults, young people and children. Our primary department is most excellent. School opens promptly at 9:45. Be regular and on time.

11:0 a. m.—Worship with sermon by pastor, topic: "God's Key to Life;" special music by choir.

At 7:30—There will be a half-hour of choice gospel music, led by the orchestra and choir. The pastor will speak on "The Way to God." Special program is being prepared for Palm Sunday. It is the day set apart for the baptism of babes and young people. Speak to the pastor about it. Our annual roll call and good fellowship supper Friday, March 30, at 6:30. Let every member plan to come. Our friends are cordially invited. We want you to come.

We are planning great things for Easter. The choir accompanied by the orchestra will sing a beautiful Easter cantata at night. Let us generously remember the church's world service program by generous fifts.

NOTICE TO CREDITORS

Estate of ARABELLA WING, also known as Mrs. J. B. Wing, Deceased.

World Friendship Among the Children

Any child or younger person is welcome at Busy Bee Party held at the Congregational Church every Wednesday at 3:30 p. m. Things will be made suitable for home or foreign children and personal contacts will, if possible, be made.

Boys' groups will be formed for woodwork, etc.

Mrs. Bennett or Mrs. T. A. Cutting will gladly answer any enquiries.

Blossom Festival at Saratoga

Campbell Scouts under Scoutmaster J. H. Bennett will parade Saturday morning at 8:30 a. m. at the Grammar School.

Scouts and Cub Scouts full uniform wherever possible, ready for inspection; clean shoes. Sea Scouts will be used for judging contests and supervision.

The parade will be over about 12:30 p. m. Any scout unable to attend must notify scoutmaster.

Contending there are so many penal statutes now that a citizen can scarcely move without violating a law, Superior Judge Ernst Weyand of Colusa county has recommended to the California State Crime Commission that all statutes punishing actions "not actually criminal in themselves" be repealed.

It costs the lumber men of California $2,000,000 a year to meet the board bill of bugs. Not only does the board bill of wood-eating insects reach an average total of $2,000,000 a year, according to officials of the State Division of Forestry, but the millions of board feet of lumber consumed by insects during 1927 involved a loss several times greater than all California forest fires for the same period.

CHURCH NOTICE

Odd Fellows Hall, Campbell. Branch of Upper Room Mission, San Jose. Services: Monday, 7:45 P. M. Bible study; Friday, 3:15 P. M. children's church; Saturday, 8 P. M., special evangelistic services. We give you a hearty invitation to all services. Come.

If Wishes Were Horses

...BEGGARS might ride, an old proverb says. Not often does the pastime of merely wishing for anything produce tangible results. But wishes, if not too fantastic, can be realized if one opens a savings account in the American Trust Company and systematically adds to it. A little ready money at the right time might transform a wish into a reality. Four percent interest, compounded semi-annually, is an important factor in the building of an American Trust Savings Account.

Town Tales Tersely Told

Miss Joyce Robson was the week-end guest of Miss Harriet Dunphy and her mother, in San Francisco.

Mr. and Mrs. J. J. Pardee and Miss Margaret spent the St. Patrick's week-end with Mr. and Mrs. J. N. Pardee in Sacramento.

Mr. and Mrs. C. B. Miracle and Mr. and Mrs. George Whitney went to Pacific Grove Wednesday for a two weeks' stay at that delightful resort.

Mrs. Roy Walker came down from Richmond to witness the production of Quality Street, in which he brother, Jack Murdock, had the leading male part.

Frank Pereira, who is a borther-in-law of Mrs. Clinton Renner of Campbell, will be appointed to succeed Deputy Sheriff E. A. Raymond, whose death occured suddenly Sunday morning.

Mrs. William Bachman was the guest of honor at a birthday dinner Tuesday at the home of her uncle, E. Green, on Sobey road, the hostess for the occasion being Mrs. C. D. Edwards of Eugene, Ore.

The store building occupied by Field's Grocery is rapidly nearing completion and begins to bear evidence of its future good looks. B. O. Curry, the owner, is to be commended for making such an addition to the appearance of his property and benefiting the whole business section thereby.

Mr. and Mrs. W. L. Young of Fillmore, N. Y., were week-end guests of W. M. Skiff and Mrs. Percy Dunlap. Mr. and Mrs. Young had spent the winter in Los Angeles and were on their way home, going from here to San Francisco for a few days before continuing their journey.

Ada Rebekah Lodge was officially visited by D. P. P. Viola Brown at its last meeting. Alta Orr, past president of the Rebekah assembly was also present. Mesdames Hattie Gardner, Etta Eddlemon and Lucy Smith were elected as delegates to attend the assembly at Santa Cruz in May,

Banquet for Mothers

The Campfire Girls of Campbell Moreland and Cambrian are giving a banquet for their mothers Saturday night, March 24. The dinner is to be given in the social hall of the library. The hall will be attractively decorated in true Indian style. Due to numerous school activities, Campfire groups of Campbell have had little chance to get acquainted. At this dinner mothers and daughters will have a chance to get acquainted with other mothers and daughters. Every Campfire Girl, come and bring your mother.

Grammar Notes

A school paper the "School Pal," has been started by some very enterprising boys in the 7A class. It is cheap and snappy, and they are making money with it. Noel Voge is the printer, Kermit Van Every is editor and there are some ladies from the class on the staff.

The grammar school operetta "Penny Buns and Roses," has been started. It will be given some time next month. The primary and grammar grades are combining on it this year. The plot is fine and the music catchy.

Everybody is busy getting ready for the third quarter exams, which comes on Thursday, March 29th.

Moreland Club

The Moreland Good Will Club at its meeting on March 14 at the home of Mrs. S. E. Johnson elected Mrs. A. A| Earl and Mrs. S. E. Johnson as directors to take the places of Mrs. Zettle and Mrs. Leroy Anderson retiring.

On March 28, the meeting will be an open one, held in the recently remodeled hall, and a cordial invitation is extended to guests. Mrs. Margaret Weaver will speak on "Spring Gardening," and Mrs. Anderson and Mrs. Brown will be the hostesses.

Mr. and Mrs. E. R. Kennedy, who had been staying with Mrs. M. J. Palmer while their house was geing repainted and papered, moved back the first of the week. Mrs. Kennedy is much improved from her recent illness.

SEA SCOUT NOTES

On Saturday, the 17th, the Sea-Scouts, who had passed the ordinary rank celebrated St. Patrick's Day by a trip. Although there were no sons of Old Erin along, a good time was had by all. The trip was a treat of Worthin and Gene Grattan, Gene being the one in charge of the party.

Leaving Campbell at two bells (five o'clock) in the morning the trip to San Francisco was made without the usual ailments of a Ford showing up. When the crew arrived in San Francisco we proceeded immediately to the waterfront. Among the mtany sights a few outstanding ones impressed us deeply.

We gained admission to the George Kneass Shipbuilding plant and, although we did not get to see any steamers, we saw many beautiful cabin cruisers, sea-sleds, racing shells and speed boats in the process of construction.

The next stop was to see the wonderful relief map of California which is located in tthe Ferry Building. This map is the largest of its kind in the world

At noon we became a part of the throng of stevedores, sailors, truck drivers and bums and visited a real water front restaurant. These fellows surely know how to prepare real food. There were crumbs only left in about ten minutes of the food which was set before us.

At one o'clock we went on board the U. S. C. G. ship "Shawnee." A bearded quartermaster with 6 hash marks (service strips) showed us around. This man told us all about the navigation of the ship and showed how a course is plotted with the help of the radio. While aboard this we watched the U. S. S. S. "Hazelwood" get under way.

Leaving here we visited "Little Italy," the largest fishing district on the coast. Here are hundreds of little fishing launches that set out every day to entice the denizens of the deep into their nets. The wharves are covered with nets in various stages of repair. It is amazing how these fishermen can repair nets. One old fellow said that it took him over six years to learn this art.

The next stop was at "Yatch Harbor." Here are the cream of San Francisco's boats. Beautiful mahogany finished cruisers from 20 to 100 feet long. There were several whale boats belonging to the San Francisco Sea Scouts also. Last, but not least, were several large racing yatchs. These boats certainly have fine lines. These racers are some of the fastest boats in the world, at this time however, the fastest boats are at San Pedro in the international races there.

The last place visited was the ship room of the de Young memorial museum in Golden Gate Park. Here are hundreds of wonderful models, ranging from tiny skiffs to a twelve-foot model of the U. S. S. S. California. These models show nearly all the types of ships, the Malay canoe, the Eskimo kayak, Chinese junks, clipper ships, steamers battleships, full square rigged frigates and yatchs. One thing that caused a lot of comment was a full rigged ship in a bottle. As the museum closes at five o'clock we had to leave long before we were through looking at the models. The Steinhert Acquarium was also closed and so we were unable to visit this work of art.

The trip home was spent in changing tires and running out of gas. Luckily most of our crew are familiar with these operations and we were able to make the needed adjustments in record time.

This is but one of the many trips and cruises planned by our skipper. We all appreciate his good work and think that we are very fortunate in having such leadership. Gene is also a keen fellow. mHe and his brother have sure worked hard for us and we intend to give them our best.

The fellows going to San Francisco were: Overshiner, A. Beer, Sundquist, Swane and Pope.

Cedric Peake has taken a position in the local Southern Pacific station as assistant to C. E. Berry.

Mrs. Bertha Hilyer, mother of Mrs. Harold Morton, went to Antioch recently to remain for several weeks.

Band Will Play at Saratoga Festival

Saratoga's annual Spring Blossom Festival will be held on Saturday, March 24, it was definitely decided at the meeting of Santa Clara County Consolidated held at the newly constructed clubhouse of the Mountain View Women's Club Tuesday.

The program will be held on a new site approximately one mile southeast of Saratoga toward Los Gatos, F. J. Wessels, treasurer of the Civic Council of the "Foothill City told the members.

The site, which is 300 feet wide by 1500 feet long, is near Fruitvale avenue, just north of the Odd Fellows Home, and it will afford one of the finest places in the entire valley for the audience to view the miles of blossoms as the musical and dancing program is being carried on.

Saturday, March 24, has been set as the date for the festival, and it is expected that, because of the extensive parking facilities at the new location, several thousands more people will attend. According to J. U. Higinbotham, who later spoke, a beautiful platform has been designed and will be erected on one knoll; the audience will have ample space on the opposite knoll and the exceptional vista of the valley is practically in between. He also stated that a 50-piece band under the direction of George T. Matthews of the San Jose High School will provide the music and that the dancing on the program will be directed by Vivian Annette Johnston.

MELVIN ADDS NEW AMBULANCE

In keeping with the progress of the western foothill section of the Santa Clara valley, Edwin H. Melvin of the Melvin Funeral Chapel of Los Gatos has installed a new 1928 limousine type ambulance and invalid car. This automobile is the very latest in transportation for the sick and injured, being equipped with ventilators, electric fan, thermos bottles, medicine cabinet, towel tray, new removable cot-stretcher, compartment heater and either side or end loading. The driver's compartment is entirely separated from the patient, having a glass partition in between with blinds, thus giving entire privacy to the patient when necessary. Besides the patient and driver, there is room for doctor, nurse, attendant, and relative, making three or four passenegrs, who may be carried.

This firm has always been in the lead in new innovations. It was the first to put in an automobile hearse residence funeral chapel, cemetery lowering device, ambulance and all other items making for the convenience of the public.

Inspection is invited from the general public of this 80 horse-powered eight cylindered sick conveyance at the Melvin Funeral Chapel, 300 W. Main street at Tait avenue, Los Gatos.

At Bar Association

Chas. A. Beardsley of Oakland paid a short visit to his mother, Mrs. F. Beardsley and his aunt Mrs. L. F. Shaw on Johnson Ave. Saturday.

Mr. Beardsley is a member of the Board of Governors of the State Bar Association which held a three day conference in San Jose last week in conjunction with the local Bar Association.

This meeting was one of a series of meetings being held in various important cities of California to inaugurate the work of the new California State Bar Association.

Reduced Rates

Invite greater use of electricity

It is now possible for customers to make greater use of electricity for better lighting, heating, cooking, and the operation of modern electric labor saving appliances.

Heating and cooking by electricity at rates as low as 1½ cents makes it more attractive for those customers not now using this clean, quick, convenient fuel.

New rates benefit large and small users

In addition to providing a material reduction in the minimum monthly cost to those who use very little, the schedules also provide new and much lower rates for the energy consumed.

The effect of the new rate on each consumer depends upon his use of the facilities available to furnish service. The more used, the lower the average rate.

Electricity is cheaper—you can use more of it

Our representatives will be pleased to explain the new reduced schedules in detail.
